

# ACCELERATION COMMUNITY OF PRACTICE

The Center ran several workshops in the summer focused on Acceleration as a strategy for optimizing student learning in our current “normal”. In addition, we know of several other districts that are employing Acceleration as a strategy. The strategy has as its core the Acceleration Framework, plus the enabling conditions that instructional leaders must create for any strategy to be successful.

**This Community of Practice will provide ongoing support for coaches, principals, other instructional leaders, and teachers in districts implementing Acceleration as a Strategy.**

To help us to create a structure for the Acceleration CoP that best meets your needs, we’re asking for your input on this [brief survey](#). Please complete by September 30.
